DELIBERATIVE

As Princess Elsa would say, time to "Let it Go"! Here you go. I am not uploading directly to the Sharepoint bc I am afraid of confusing folks who are doing last-minute reviews for today's call. If you want me to do so, lmk.

Yes. I will check it over one last time for all of our latest capitalization issues by 10am and send to you. (My next act is taking a look at the preambles that aren't mine and seeing if they provide any inspiration)

Hi Stef-

Just wanted to see where things stand - did you ever finish your draft?

Thanks!

I have this drafted. I just need to step away from it for a few hours and give it a read with my lawyer hat on.

Can't make the call today. In the middle of final QA/QC on a huge document production. Aware that I need to double check preamble language for **Ex. 5 Deliberative Process (DP)**. Also aware I owe you reg language and preamble language for **Ex. 5 Deliberative Process (DP)**. I committed to 5/29 for that, but noted that in my world, that would give me the weekend as well. ☺ I should have some capacity starting 6/2 if anybody needs any help.
